QUALITY ASSURANCE & COMPLIANCE STANDARDS

ISO 9001:2015 Quality Management

Every manufacturing batch undergoes calibrated tensile, elongation, gauge thickness, and adhesive tack testing in our internal QA lab.

FDA & WHO-GMP Polymer Compliance

100% virgin food & pharma grade raw polymer resins ensuring zero toxic migration for food, cosmetic, and medical primary packaging.

Batch Traceability & COA Issuance

A Certificate of Analysis (COA) with complete raw material lot numbers and lab test metrics is dispatched with every customer shipment.

Zero Downtime Tolerance Guarantee

Calibrated width tolerances ($\pm 1\text{mm}$) and caliper accuracy ($\pm 2\text{ micron}$) guarantee seamless high-speed operation on automatic packaging lines.

REQUEST A CUSTOM QUOTE OR TECHNICAL SAMPLE KIT

Need custom roll width slitting, specific micron calipers, or branded pre-printed tapes?

Our packaging engineers provide on-site line audits, free sample roll kits, and volume quotes within 2 hours.
